

**Jamshedpur Jesuit Province is on the frontline in the fight against the COVID-19 pandemic in India.**

Jamshedpur Jesuit Province witnessed the harrowing experiences of migrant returnees to the rural villages. The province put in its best efforts to ease the pain and suffering of the vulnerable population, who became penniless due to the pandemic-induced lockdown. It distributed dry rations and food packets to the poor, orphans, elderly and needy in times of COVID-19 and the lockdown. And also, nutrition packets for pregnant women and lactating mothers.
